

**Renewal of the June 2011 letter of agreement renewed in June 2016
(maintenance and adjustment of the amounts provided
in 2019-2020 for the duration of the 2020-2023 provincial entente)**

1. Context

Originally, the October 2019 union demand called for this letter of agreement to be incorporated into the body of the entente, while enhancing the amounts provided for therein. Faced with the resounding refusal by the employer party to agree to this request, we resigned ourselves to renew the said letter of agreement once again. However, the employer party agreed to adjust the various amounts.

2. Content

Section I – Class composition

The allocation of a closed envelope dedicated to the implementation of measures to ensure class balance is increased from \$16M to \$17.9M. This section of the letter of agreement remains arbitrable.

Section II – Teacher support

The amount of money provided for the release of teaching staff to develop and monitor IEPS increases from \$3M per school year to \$3.457M per school year. This section of the letter of agreement remains non-arbitrable.

Section III – Prevention and rapid intervention

The content of this section of the letter of agreement remains integral and non-arbitrable.

See the letter of agreement.
